

# LOOKING FOR A LIFE CHANGING SUMMER STEM EXPERIENCE?

**UNITE** Unite is a four-to-six week, pre-collegiate summer experience for talented high school students. Held at higher education institutions nationwide, Unite encourages students to pursue college majors and careers in engineering and other STEM-related fields through a program of focused hands-on rigorous academics, enrichment, and career exploration.

## YOU'LL GET TO...

- Learn how science, technology, engineering, and mathematics have applications in the real world
- Gain confidence in your ability to participate in STEM activities
- Collaborate and solve problems as a team
- Learn firsthand from college students and professionals how engaging STEM studies and careers can be
- Be better prepared to pursue STEM majors in college and, ultimately, in future careers

## ELIGIBILITY

Open to high school students who are historically underserved in science, technology, engineering, and mathematics (STEM). Eligibility varies by location; please [visit the website](#) for location and criteria specific requirements.

## IMPORTANT DATES

- FEB – MAY** | Student application period (varies by site)
- MAR – MAY** | Selected students notified by Unite site directors (varies by site)
- JUNE – AUG** | Students participate in Unite program (varies by site)
