

2018-2019 ECYBERMISSION MINI-GRANT OVERVIEW

On behalf of the U.S. Army Educational Outreach Program (AEOP) and eCYBERMISSION, the National Science Teachers Association is seeking Mini-Grant Applications for the 2018-2019 academic year.

WHAT IS THE MINI-GRANT?

The eCYBERMISSION Mini-Grant is intended to support teachers/program leaders as they implement eCYBERMISSION with their teams.

WHO CAN APPLY?

Educators [formal and informal] of students in grades 6-9. Special consideration is given to Title 1 schools and to those with underserved/under-represented populations.

HOW DO I APPLY?

Mini-Grant applications must be received by **Wednesday, October 17, 2018** online at www.cvent.com/d/mtq6bj

WHO CAN I CONTACT WITH QUESTIONS?

If you have any questions, please contact Alexandra Wakely, Education Outreach Specialist at awakely@ecybermission.com

“Teaching in a Title I school, eCYBERMISSION gave my students an opportunity to do real science. I was very surprised by the work they did...”

“...with the vast resources and support eCYBERMISSION has, it is by far the simplest curriculum to include in your teaching.”

REQUIREMENTS

- W-9
- Project Summary Reports
- Program Survey

GRANT STRUCTURE

The grant award is released in two payments. The initial payment (onethird of the total grant) is sent to the school/district/organization to be used for supplies/professional development to implement team projects. The second payment [remaining two-thirds of the award] is sent directly to the educator to be used at her/his discretion in support of STEM.

NEXT STEPS

Mini-Grant awardees will be notified, on a rolling basis, until **October 24, 2018**. In order to secure funding, all Team Advisors and students must be registered for the competition/on complete teams by **November 21, 2018**. After eCYBERMISSION registration closes, the initial grant payment will be sent to the school/district/organization. Targeted first payment is by **December 19, 2018**.
