

July 2019

BEAU

eCYBERMISSION ALUMNI

I am a 10th grader.

WORDS OF ADVICE

They should definitely get involved in an AEOP program. The program is an excellent learning experience in many different fields of study.

BEST THINGS ABOUT THE PROGRAM

The best things about the program were getting to learn about the different STEM careers and job opportunities, meeting new people, and working on a project that will benefit our community.

HOW PARTICIPATING IN AEOP INSPIRED YOU TO ADVANCE IN STEM

Participating in an AEOP program has inspired me to look further into a career involving STEM field.

WHAT ARE YOUR FUTURE HOPES AND DREAMS?

I hope to become a medical doctor, so I can help people.

WHAT IS SOMETHING INTERESTING YOU WOULD LIKE FOR EVERYONE TO KNOW ABOUT YOU?

One thing I would like other people to know about me is our eCYBERMISSION team, The Whiz Kids, won the 2017 8th Grade National Competition!
