

March 2021

## BENNET

### eCYBERMISSION and Junior Solar Sprint

I participated in eCYBERMISSION in the 2016-2017 school year and the 2017-2018 school year. I also participated in Junior Solar Sprint from 2018-2019

## WORDS OF ADVICE

If you have a passion or hobby you can share that with many other people through AEOP.

## BEST THINGS ABOUT THE PROGRAM

The best thing was being able to present our projects and efforts to the real world. Usually we would just get a grade but AEOP has given us more opportunities to share ideas with the broader STEM community.

## HOW PARTICIPATING IN AEOP INSPIRED YOU TO ADVANCE IN STEM

AEOP has helped broaden my knowledge and boost my confidence in my STEM capabilities which makes me want to continue to study STEM.

## WHO IS YOUR FAVORITE STEM ROLE MODEL? WHY?

My favorite STEM role model is Leonardo Da Vinci because of the diversity in his works.

## DO YOU HAVE ANY WORDS OF ADVICE FOR SOMEONE CONTEMPLATING ENROLLING IN AN AEOP PROGRAM?

If you have a passion or hobby you can share that with many other people through AEOP.

## WHAT ARE YOUR FUTURE HOPES AND DREAMS?

I hope to be a successful engineer or computer scientist because I love STEM.
