## KEVIN eCYBERMISSION

Sophomore at Northwestern University studying Manufacturing Engineering and Product Design. My team started a company called InfernoGuard from an eCYBER idea!

## ANY WORDS OF ADVICE FOR FUTURE AEOP PARTICIPANTS?

My team's advice for future AEOP participants would be to continue your work and discoveries you make in the programs!

## WHAT ARE YOUR FUTURE HOPES AND DREAMS?

I hope to pursue my startup full-time along with my co-founders after graduating from Northwestern University in 2024!

## HOW PARTICIPATING IN AEOP INSPIRED YOU TO ADVANCE IN STEM

AEOP gave my team and me the confidence that tackling challenging topics at a young age was feasible. eCYBERMISSION specifically allowed me to improve my teamwork, collaboration, and presentational skills, which have all proved invaluable since my involvement with AEOP.

## WHO IS YOUR FAVORITE STEM ROLE MODEL? WHY?

Anthony Casalena, Founder of Squarespace, because he built his startup in college and Squarespace is so practical and intuitive for businesses!

## WHAT IS YOUR PASSION OR HOBBY OUTSIDE OF STEM?

In my free time, I enjoy playing tennis and working on the biggest jigsaw puzzle I can find!
